To Whom It May Concern:

Kansas Aviation of Independence is currently client of Chem Chek Co, Inc. and has been since December of 2005. Chem Chek Co, Inc. has been providing Kansas Aviation of Independence with an FAA compliant drug and alcohol testing program from January 1, 2006 to present. This program includes random selection, recording keeping for all drug and alcohol results, and MRO services. In addition we provide assistance with collection sites.

If you have any questions as to our services, please feel free to contact us.
